The Board's principal role is to provide leadership and guidance to XR Group as opposed to managing it. The Board represents the interests of shareholders and collectively oversees and appraises XR Group's strategies, policies and performance.

Day to day management of the business of XR Group has been delegated to management.

XR Group has formalised the respective roles and responsibilities of the Board and management in a Board Charter. A copy of the Board Charter is available in the Corporate Governance section of XR Group's website.

1.2 The CEO

The Board has delegated to the CEO responsibility for the overall management and performance of XR Group including the day to day operations. The roles of Chairman and CEO are separate and not exercised by the same individual.

The CEO is responsible for implementing strategic objectives, plans and budgets approved by the Board. Management is accountable to the Board and is required to provide the Board with information in a form, timeframe and of a quality to support effective decision making. Management of XR Group must be undertaken in accordance with XR Group's Delegation of Authority and the risk management framework approved by the Board.

1.3 Appointment of Directors

The Board carefully considers the skills it requires to competently discharge its duties, taking into account XR Group's performance, financial position and strategic direction. This assessment also includes consideration of the specific knowledge, skills and expertise that directors must possess.

The Board assesses candidates for appointment to the Board when it considers that the Board would benefit from the services of a new director. Particular attention is given to the mix of skills, experience and expertise of existing directors and how a new candidates skill's, experience and expertise will contribute to the Board as a whole. Appropriate independent checks are undertaken for all nominated candidates before they are nominated.

Any director appointed during the year must stand for election at the next annual general meeting. The notice of annual general meeting provides the appointment date, details of the individuals skills, experience and expertise as well as any other listed directorships when the election or re-election of a director is considered. All material information obtained by XR Group through its nomination process is presented to shareholders to assist in determining whether to appoint a particular director.

All directors other than the Chief Executive Officer are required to retire by rotation and must submit to re-election by shareholders at least every 3 years.

1.4 Written Appointments

All non-executive directors are provided with a letter of appointment setting out XR Group's expectations, the director's responsibilities and rights and the terms and conditions of their tenure. All executive directors and senior managers have entered into an executive services agreement setting out the rights and obligations of the individual and XR Group.

1.5 Company Secretary

The Company Secretary has an important role in supporting the effectiveness of the Board by monitoring compliance with Board policies and procedures. The Company Secretary is accountable directly to the Board, through the Chairman. All directors have unfettered access to the Company Secretary. The Company Secretary is responsible for coordination of all Board business, including agendas, Board papers and minutes.

1.6 Diversity

XR Group's approach to maintaining an inclusive, diverse and collaborative workplace culture is to determine all appointments and performance reviews solely on merit and competency. XR Group employees have a wide range of backgrounds, education and life experiences and are supported by XR Group's approach to flexible working arrangements, commitments to equality and value of merit.

Given XR Group's stage of development and its size, the Board does not consider it appropriate to set measurable objectives based on gender.

At 30 June 2024, the proportion of female, male and others employed by XR Group was as follows:

	F	M
Leadership roles	39%	61%
Total XR Group workforce	26%	74%

The Leadership roles reflect a combination of operational, functional and strategic leadership roles, including managerial roles from shift managers at the indoor skydiving facilities through to the CEO.

1.7 Board Performance Evaluation

The Board recognises that regular reviews of its effectiveness and performance are key to good corporate governance. A formal review of the Board's performance, including the performance of individual directors, is undertaken at appropriate times against the strategic objectives of the company.

The formal reviews of the Board performance are supplemented by informal appraisals which consider the Board's performance, composition, size and succession plans.

1.8 Senior Executive Performance Evaluation

All senior management undergo a performance and development review on an annual basis. The process involves:

- An assessment of each senior manager by their manager against a set of key criteria which measure the individuals performance across a range of competencies
- A meeting at the end of each financial year with their manager to discuss their performance over the past year and to assess their progression against an agreed goal and development plan.
- The setting of an agreed goal and development plan for the upcoming year.

The Board is responsible for setting all targets and objectives for senior management which are linked to incentive programs.

PRINCIPLE 2 – STRUCTURE THE BOARD TO ADD VALUE

The Board has determined that, taking into account the size of the Board, nomination matters should be referred to the full Board for consideration. Following that decision, the Board as a whole considers the composition of the Board, the appointment of new directors and identifies and considers suitable candidates as they arise. The consideration is undertaken in accordance with the

Corporate Governance Statement

nomination related sections of the Nomination & Remuneration Committee Charter, a copy of which is available on the XR Group website.

In keeping with the overall size of the Company, XR Group seeks to maintain a small board comprised of individuals with a broad range of experience and expertise which will assist the Company in achieving its strategic goals.

Corporate Governance Statement

organisation that a director has an interest in, the relevant director is excluded from all consideration, discussion and voting on the conflicted transaction or arrangement.

Each director has the right to access all relevant information and, subject to informing the Chairman, may seek independent professional advice in relation to them in carrying out their responsibilities at XR Group's expense. Where appropriate, a copy of this advice is made available to all other members of the Board.

New directors participate in an induction program co-ordinated by the Company Secretary to enable them to actively participate in decision-making from their appointment. The induction process includes a detailed briefing of the Company's strategic, financial, operational and risk management issues; meeting with all members of the senior management team and the Board; and receipt of all relevant policies, charters and procedures including the Constitution and Code of Conduct.

PRINCIPLE 4 – SAFEGUARD INTEGRITY IN FINANCIAL REPORTING

4.1 Audit Committee

Accordingly, XR Group does not comply with Recommendation 4.1 at the date of this Statement.

The XR Group Board is responsible for reviewing the adequacy of the Company's reporting processes, assessing XR Group's financial statements, considering the appropriateness of the accounting judgments applied by management and approving all matters relating to the auditor and the provision of services by the auditor. These matters are considered in accordance with the Audit & Risk Committee Charter which is available on the XR Group website.

The external auditor meets with the Board when the full and half year accounts are considered. As part of that meeting, the external auditor meets with the non-executive directors without management being present.
